

IT'S TIME FOR  
*Stressless*<sup>®</sup>

# 50 years of Exclusive Comfort

On the west coast of Norway you'll find the community of Sykkylven, nestled between tall mountains and deep fjords. It is here you'll find Ekornes – proudly making the world's most comfortable chair for five generations

In 1971, a revolutionary recliner was introduced and set a new standard in comfort and functionality. Stressless® was designed to offer maximum well-being and precious me-time in a busy, modern world. And with equal parts inspiration from nature and the region's tradition of skilled craftsmen, Stressless® got off to a flying start. 50 years later, Norway's largest furniture exporter is still located by the fjord and still offers you exclusive comfort, assembled by hand.

# Recharging

The feeling of well-being originates from just the right balance between activity and rest. With Stressless®, it has never been easier to lean back and recharge. They adapt dynamically to even the smallest movements of the body and at the same time provide just the right amount of support.

## Design

Here in Norway, striking nature and our culture of design brings out the best in our furniture. We created a more balanced definition with products that are both supremely comfortable and beautiful to look at.

## Patented features

Our design philosophy rests on a number of basic principles and there are decades of studies of the anatomy behind every single product. For Stressless®, it is crucial not to design objects, but rather experiences, and a key to achieving that is to start from the inside.

## Nordic heritage

The deep fjords and majestic mountains surrounding us are the foundation for design and innovations. We are committed to our sustainable and democratic outlook on life.

### Sustainability

Stressless® aims to become the world's most sustainable furniture maker, and a leader in circular design. Our use of hydropower brings this goal closer and we are reducing our greenhouse emissions year on year.

## A new standard of comfort

At Stressless® we pride ourselves on making quality products that will last a lifetime. Our raw materials are selected with the utmost care and consideration to ensure both durability and less environmental impact. Designing iconic furniture that is timeless and designed to last you a lifetime, carving our way to a more sustainable future.

# Our formula for comfort

With patented technologies like BalanceAdapt™, Power™, Plus™ system and the Glide™ system, we have designed furniture that caters for the comfort of your entire body.

With the highest quality materials, expert craftsmanship and bespoke design, we allow you to personalise your Stressless® further. Choose your size and from a range of leather or fabric qualities and colours.

# Lean back for a new level of comfort

If you have ever owned a truly comfortable recliner, you'll know that it quickly becomes the most popular piece of furniture in the home. Sought out to retreat after a long day at work, or spend that deservedly lazy morning. It is where you read, watch tv, chat and even put in some home office hours. With so many roles, it's reassuring to know that a Stressless® recliner adapts to your body and moves with you, catering for your body's every need.

## Take our comfort test

The sensation of comfort is individual and personal to everyone. Because of this, we encourage you to take our Stressless® Comfort Test to find the size and model that fulfils your needs. We guarantee this will be time well spent. After all, a Stressless® recliner is an investment you'll cherish for many years to come.

- Does the recliner feel stable and safe?
- Are the height and width of the chair right for you?
- Do you find it easy to adjust the chair to your preferences?
- Does the chair provide good lumbar support in all positions?
- Is your head supported comfortably as you recline to read or watch TV?
- Can you adjust the headrest so that it lays flat when you recline?
- Do you have the feeling that the seat back reclines sufficiently?
- Do you have a comfortable and relaxing angle on the leg support?
- Can you position the leg rest according to your preferences?
- Are you aware of how your entire body relaxes?

## A tailored fit

Sleek, Stylish and elegant; The Stressless® Metro, Stressless® London, Stressless® Tokyo and Stressless® Rome recliners are tailored to fit both your body and your taste in interior design. The high back variety comes with or without an adjustable headrest. Or you may find our compact low back version, which is only available on Stressless® Rome, more suited to your needs. With four bases to choose from: Cross, Original, Star and Home Office and multiple leather or fabric colour choices, it compliments any interior, offering both beauty and functional form.

## A redefined sitting experience

Stressless® Rome is the result of a long developmental process and comprehensive studies that analysed the needs and desires of consumers in design, function, aesthetics, and materials. Inspired by anatomical form and distinguished by the backrest that wraps around your body, the unique shape redefines comfort and aligns with modern interior design.

At its core, Stressless® Rome houses the familiar features that ensure an exclusive experience. Like the Stressless® Plus™-system for maximum comfort and support of the lumbar region. Plus, the sleep function can be activated with a hand movement. Add to that BalanceAdapt™ that automatically adjusts the seat and back angle to suit the user's body and movements.

# Transformative details

Have you noticed how a shoe can completely transform an outfit? Or how a skilled tailor can elevate the fit of your suit. The same goes for recliners.

The new Cross base is our most modern and slim yet, giving the recliner of your choice a light and airy appearance. It offers every bit of the same functions as our classic bases, including the subtle rocking of the BalanceAdapt™ system.

**FIND YOUR BALANCE** with BalanceAdapt™. Subtle rocking motions enhance the feeling of total balance, making all the difference between a good seat and a fantastic one.

## Celebrating our iconic roots

The first Stressless® recliner was introduced to the public half a century ago. Since then, it has become one of the most widely recognised furniture brands in the world. To celebrate this, we have reintroduced a distinctive design element from our very first Stressless® recliner. The unique and beautiful Original base features an elegantly curved structure and is an ode to our beginnings. Available on a new generation of modern and urban recliners, the Original base conveys an iconic retro look.

**FIND YOUR BALANCE** with BalanceAdapt™. Subtle rocking motions enhance the feeling of total balance, making all the difference between a good seat and a fantastic one.

# Downtime Downtown

Inspired by metropolitan living, The Stressless® Tokyo, Rome, London and Metro – offer a nod to mid century design and urban architecture.

United in their offering of different back options, choose from high back, low back and an adjustable headrest. The high back models offer all of the well-known Stressless® comfort features for bespoke relaxation, while the low back versions invite you to gather with friends and family. The height adjustable design allows you to increase the length of the back by up to 10cm. Whichever you choose, you can guarantee optimal comfort combined with iconic good looks. Ultimate comfort is found in unique design options.

# The Source of Comfort

To achieve our goal of creating the most comfortable sitting experience ever, we crafted and built some truly pioneering technologies. From the supple cushioning to the well known profile of the base, back and armrests, this attention to design and desire for comfort is at the heart of every Stressless® recliner. Each one inviting you to relax and assuring that this level of comfort never goes out of style.

# The right size matters

We all come in different shapes and sizes, and our tastes in interior design differ. That's why most of our Stressless® recliners are available in a variety of dimensions. Whether you're looking for something slightly taller and wider to smaller and slimmer.

We also give you the option to personalise your recliner further with our large selection of bases, each with different designs and functionality. To discover the many possibilities, we have included a full overview on the last pages of this catalogue.

## A smarter footstool

A Stressless® free-standing footstool is the perfect partner for our chairs and sofas. Why? Well, this isn't your traditional, static ottoman. All Stressless® furniture is based on research into human anatomy, and we found that when you lean back in a recliner chair, your legs move forwards and down.

Most traditional, flat footstools do not support this sitting position, so we created our Stressless® footstool with a built-in sliding function that automatically follows the movement of your legs. This clever design, gives you the freedom to move whilst staying completely supported, making the world's most comfortable recliner even better. What's more, in a locked position our footstools can even be used as an extra seat.

# 50 years of perfect balance

Our unique BalanceAdapt™ functionality features on every Stressless® Signature and Cross model bases. This innovative system provides a gentle rocking motion, creating a feeling of weightlessness, and the ability to lie almost horizontally. Which in turn, gives a feeling of complete comfort and makes a Stressless® piece stand out from other recliners. With a stylish Scandinavian aesthetic these base options offer a contemporary edge to the leather and fabric recliner range.

# Comfort at your Fingertips

What could possibly make the ultimate recliner even more pleasing? Motorised adjustments controlled by a discreet panel might be a start. And why not throw in a heated massage, Some Stressless® recliners have a little more power installed to heighten your comfort.

Stressless® Scott Sirius base  
Paloma Almond/Brushed metal

**Extra comfort.**

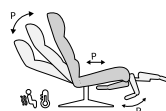

Add heating only, or heating combined with a light massage for intense relaxation.

# Savour the feeling

Sleek and sophisticated, Stressless® Scott is a modern take on the recliner with discerning details such as double stitching at the seams, and a soft silhouette which blends effortlessly into your home. The integrated pillow in the headrest allows you to adjust the head and neck support to your preference.

With a multitude of choices between different bases, quality upholstery and colours. The Sirius aluminium cross is available in brushed or matt black finish and the laminated round Disc base comes in Black, Natural or Whitewash oak and Walnut.

## POWER™

Stressless® Scott and Stressless® Sam come with three motors, all individually operated by a slim and stylish remote control that magnetically attaches to the armrest. You can easily adjust the support to your back, legs and head, with the movements for the head support synchronised with the movements of the backrest. Simply hit the HOME button to move back to an upright position. Take comfort to the next level with optional extras including heating and massage. Chairs without heating and massage functions are available with battery if you prefer to avoid cords.

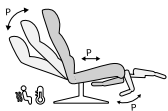

## Cherish the moment

The ultimate luxury recliner, Stressless® Sam represents a unique meeting point between iconic mid-century modern style, advanced technology and pure comfort. With a generous open design, round soft shape and padded back cushions, Stressless® Sam has an elegant and contemporary outline paired with detailed French stitching at the seams. A curved back and seat provide a comfortable feeling of being hugged whilst sitting. While the accentuated shape of the adjustable headrest cushion offers perfect support for both the head and neck. Use the motors to quietly adjust it to your liking. Stressless® Sam is even available with heating and a massage function.

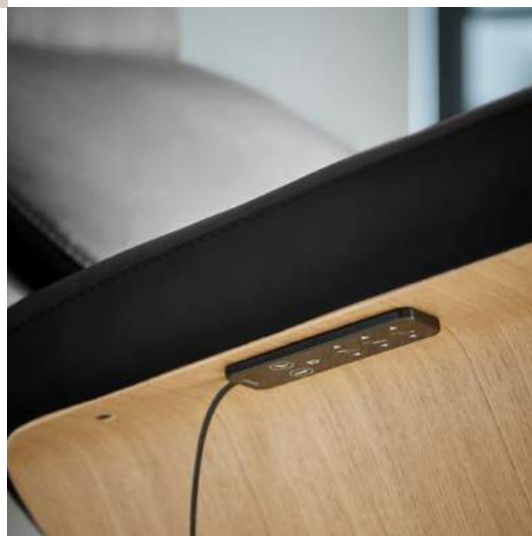

Stressless® Sam Wood includes wooden panels on the armrests for an authentic Scandinavian look and feel, with four different wood tints available. You can also personalise your choice of swivel base and choose high quality leather or fabric options, both available in a range of colours.

Stressless® Consul (M) Classic Power™  
Batick Cream/Oak

# The power nap reinvented

Ever since our first Stressless® recliner hit the market in 1971, the Stressless® brand has been associated with comfort, quality and innovation. Today, we are proud to take this commitment one step further by offering some of our most iconic recliners with our patented motorised systems. Stressless® Power™ recliners offer enhanced motorised functionality, with built-in motors operating the headrest, lumbar support, back and footrest. Providing a great alternative to a recliner with a separate footstool.

The integrated footrest has a slim design, and is elegantly concealed beneath the seat. It extends at the push of a button under the armrest. The footrest is designed to follow the natural angle of your feet and can be adapted to different leg lengths, extending longer than most other footrests on the market.

A battery operated version is also available, with a magnetic charger attachment for easy access. See the last pages of the catalogue for a full product overview.

Convenient control pad located under the arm.

# Home office comforts

Today, many of us experience a more fluid definition of work and where it takes place. Whether your home office has a dedicated room, or is reserved a nook in the dining room, it's important to stay comfortable. A well-designed chair that actively encourages movement is a necessity.

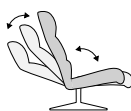

Working from a Stressless® recliner keeps you both agile and supported during those hours. Our collection of Home Office recliners marries supreme comfort and style, blending effortlessly with your interior. Equipped with the elegant Home Office base with wheels, they slot perfectly at your table or desk.

All our recliners can be used as home office chairs. The models with the elegant steel structure come in a polished aluminium base. The models with wood detailing come with a black base and the same choice of wood colours as our regular recliners.

## The ultimate power sofa

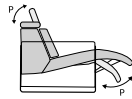

Stressless® Emily is the ultimate power sofa. With an adjustable headrest on all seat modules, you can lower it for a sleek low-back sofa with perfect back support, or adjust the angle and height of the headrest to accommodate your head and neck. Put your feet up on the LongSeat module with leg support and adjustable headrest or choose a Power™ seat to include an adjustable footrest. With all the luxurious comfort and functions you have come to expect from the Stressless® brand, it is customisable to your every whim.

Stressless® Emily also offers a large choice of high quality leather and fabrics, and the option of three different armrests: Emily Steel and Emily Wood have slim armrests with elegant details in steel or wood, while Emily Wide has distinct upholstered armrests with luxuriously larger proportions. Stressless® Emily is a modular sofa system allowing you to combine seat modules, with or without Power, corner, two sizes of LongSeats, centre modules or end modules to create the sofa of your dreams.

## A modern way to relax

With sleek lines and a streamlined silhouette, Stressless® Emily is a contemporary design that fits seamlessly into any modern interior. With inviting cushions that offer the height of comfort, Power™ also allows you to adjust your seating position via the control panel for ultimate relaxation. With a range of different designs and modules, we make it easy to configure the perfect sofa for you.

With a light pressure on the right side of the seat cushion, **Power™** adjusts both the footrest and the headrest. A combination that provides superb support and comfort.

## Indulge in comfort

Stressless® Mary is a truly sumptuous sofa with gentle curves, generous proportions and extra supple, soft cushioning for added indulgence. Individual seat modules can be fitted with motors for effortless back and leg support. The functions are operated from an integrated panel, discreetly concealed on the right side of your seat.

Seat modules with or without Power can be combined, and you can also add a spacious corner module to your setup. Choose between a classic upholstered armrest or an armrest with wooden details for an elegant touch. Stressless® Mary matches exquisitely with Stressless® Mayfair, one of our best-selling recliner models. With the same range of leathers, fabrics, and colours available across our entire range of furniture, coordinating your look has never been easier.

With a light pressure on the right side of the seat cushion, **Power™** adjusts both the footrest and the headrest. A combination that provides superb support and comfort.

# The perfect gathering place

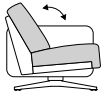

A sofa has many roles, a place where you gather with friends, curl up to read or enjoy a blissful afternoon nap. Whether it's the centrepiece of the party or a place for calm, finding "the one" should be a considered experience, after all it's an investment in experiences and memories.

A Stressless® sofa offers the perfect gathering place with our innovative Balance Adapt™ system which allows the sofa to respond to your movements. Adjusting the seat as you shift, recline, lean forward, lie down or put your feet up. Or when the occasion calls for just a regular sofa, simply lock the function to stop the seat from moving.

**FIND YOUR BALANCE** with BalanceAdapt™. Subtle rocking motions enhance the feeling of total balance, making all the difference between a good seat and a fantastic one.

**FIND YOUR BALANCE** with BalanceAdapt™. Subtle rocking motions enhance the feeling of total balance, making all the difference between a good seat and a fantastic one.

Have you ever found yourself wishing that you could spend more time together with your family? The dining area is often the only point to congregate during a busy day. It is also the place to enjoy the company of friends, old and new. A place to dine, converse and share memories. One way to make sure the guests flock to and spend time at the dining table is through providing the best seating possible. Stressless® dining chairs are expertly designed to work with your body, not against it. The flexible seat and back follow and respond to the movements of your body in a unique way, offering a variety of positions for total comfort. With Stressless® dining chairs you can while away the hours and enjoy time at the dining table in complete comfort.

**Stressless® Rosemary Low (M), D200**  
Paloma New Cognac/Whitewash

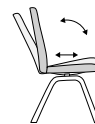

# Lean back into perfect balance

We gave our designers a challenge: Can you bring the unique Stressless® comfort to the table, with chairs that respond to the body's movements? Their answer was the Stressless® dining range. With seats that automatically adjust without levers or handles to improve back positioning. Lean forward, and the chair moves to reduce the pressure under your legs. Lean back, and enjoy the reclining backrest while the seat slides forward. Offering a more open and comfortable sitting position for you and your guests to dine in, without compromising on impeccable style.

Clover Light Burgundy/Brushed metal  
**Stressless® Bordeaux table** Oak

**DINE IN COMFORT.** Our dining chairs have a flexible seat and back, offering a variety of positions for increased comfort. This comfort enables you to maximise your quality time with friends and family.

## 10 YEAR GUARANTEE

### 10-year internal mechanism & construction guarantee

We guarantee the internal mechanism and construction of our recliners and sofas for a period of 10 years from the date of initial delivery to the consumer. The 10 year guarantee covers the mechanical functions in the recliner/sofa. The 10 year guarantee covers the internal framework of steel and/or wood, including the metal springs. The 10 year guarantee does not cover damage to leather, woodwork or any faults or damage caused by the use of the product other than in accordance with the manufacturer's recommendations, as well as any faults or damage arising from any repairs made by any persons not authorised by the manufacturer or use of non-original parts. Some natural settlement and indentation in the padding and foam is considered normal and is part of a break-in process.

## 5 YEAR GUARANTEE

We guarantee all electrical parts and motor on the Power™ system for a period of 5 years from the date of initial delivery to the consumer. The battery is not included in the 5-year guarantee.

**2 YEAR GUARANTEE** on Power Batteries.

# The Innovators of Comfort™

With the best quality materials, environmentally friendly processes and an uncompromising focus on comfort, our machines and people work together to create furniture that will live with you through a lifetime. When you sit down and appreciate how genuine Stressless® furniture feels, you will know.

Whether you sit up or lie down, the **Plus™ System** provides optimal comfort and support for your head and lumbar region. The sleep function is controlled with a simple hand movement to make your comfortable moments even better.

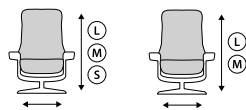

With **BalanceAdapt™**, subtle rocking motions enhance the feeling of total balance. These movements usually make all the difference between a good seat and a fantastic one.

With a light pressure under the armrest, **Power™** adjusts both the footrest and the back angle. This combination provides superb support and comfort.

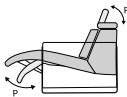

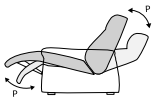

**Power™** is easily operated by the remote control, the motorized functions offer truly outstanding comfort in all positions, small adjustments can make a big difference. Take comfort to the next level with optional extras including built-in heating and massage functions.

Optimal comfort is also about correct size. Most of our recliners therefore come in small, medium and large, for you to find your perfect fit.

Optimal comfort is also about unique design options. Our Cross, Star and Original base models come in 2 different options, - Adjustable and High back and 3 options for Stressless® Rome which includes a Low back option.

With a light pressure on the right side of the seat cushion, **Power™** adjusts both the footrest and the back angle. This combination provides superb support and comfort.

When you sit down in a sofa with **ComfortZones™** the back part of the cushion will give in more than the front part of the cushion. As a result of this, the seat cushion will angle slightly, giving you a comfortable position of your legs while seated.

The unique **Stressless® Dining** chair responds to your body's movements and automatically adjusts the seat and back position, without levers or handles. This comfort enables you to maximize your quality time with friends and family. Enjoy!

# Create the recliner of your dreams

Never before have so many options been available to help you find the Stressless® recliner that's just right for you. We wanted to make sure that everyone could experience total relaxation, regardless of height or body shape. There are various bases, wood types and luxurious leather and fabric to choose from so that you can create the chair of your dreams.

## Select design and size

All measurements in cm. Sizes of individual products may vary by up to 3cm due to the handmade nature of the product.

Put your Stressless® modular sofa together exactly the way you want. Regardless of space, with our ingenious flexible modules there's always room for a Stressless®. First find your favourite model and then select your ideal arrangement. A few possible configurations in a variety of our styles are shown below.

**Find out more about the many options available for each model at [stressless.com](https://www.stressless.com)**

## Stressless® Home Cinema

You move more than 300 times during the length of a movie. This might sound exhausting, but don't despair – Stressless® seating is designed to adjust to your every movement. The spacious, soft seats of your Stressless® Home Cinema seating, combined with a Stressless® ottoman, ensure an optimal movie experience.

Regardless of how much space you have available for your home cinema setup, our ingenious flexible modular designs ensure that there's always space for a Stressless® sofa.

**Find out more about the many options available at [stressless.com](https://www.stressless.com)**

**Stressless® Arion A10 / Stressless® Arion A20**

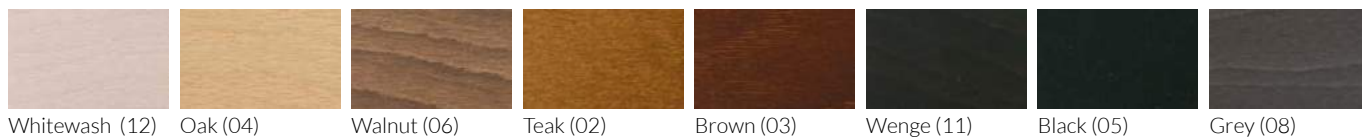

**Stressless® Wave**

The Stressless® Sector (SC) / Sector Arm (SCA) is upholstered in the same way as the sofa and conceals a storage space beneath the top. The Sector / Sector Arm also functions as an armrest, which is why setups with Sector/ Sector Arm tables should be treated as a single, fixed unit.

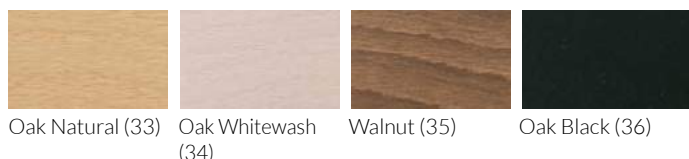

## Stressless® base colours

Ekornes uses rotary cut beech veneer in all its moulded furniture components. Lightly steamed beech is used for solid wood components. The hardness of the wood makes beech furniture extremely durable, and the timber we use is a renewable resource. Beech is a natural material and variations in its pattern, colour and texture make each piece of furniture unique. Although beech is used for both solid and moulded components, structural differences may be visible.

Stressless® Sam & Scott and Dining (Chair D100 and D200, sofa and tables)

### Polished and Matt metal

Signature, Cross, Original, Star base and Home Office

Sirius (Sam-Scott)

Dining (D300 and D400)

## View with the Stressless @home App

You can also download our Stressless @home App, personalise your favorite piece of our furniture, and actually place it in the living room, kitchen or office at home with the help of your phone or tablet. The app provides you with pictures of all our chairs and sofas and lets you choose your preferred materials, colours and bases. It doesn't get easier:

- Download the application from App Store or Google Play
- The app will automatically download all available Stressless® products at startup
- Choose model and style it at your preference
- Choose "view at home", and see your Stressless® chair in your home through the camera.

Google Play

## TABLES AND OTTOMANS

### **Stressless® Urban Star (L)**

W: 90, H: 48

The stylish glass table is designed to match Star base models. Select from polished metal or matt black finishes.

### **Stressless® Urban Star (S)**

W: 55, H: 48

### **Stressless® Urban Cross (L) Stressless® Urban Cross (S)**

W: 90, H: 48

W: 55, H: 48

The stylish glass table is designed to match Cross base models. Select from polished metal or matt black finishes.

### **Stressless® Enigma**

W: 90, H: 44

A stylish glass table with base in polished metal.

### **Stressless® USB table A**

W: 52, H: 50-73, D: 42

A versatile table with a USB port, this fits all Stressless® chairs perfectly. Available in various combinations of glass or wood, with a black or chrome stem (adjustable).

### **Stressless® USB table B**

W: 52, H: 50-73, D: 55

A versatile table with a USB port, this fits all Stressless® chairs perfectly. Available in various combinations of glass or wood, with a black or chrome stem (adjustable).

### **Stressless® Ellipse table**

W: 49, H: 48-71, D: 38

This flexible, easy-to-move table is ideal, since it keeps everything you need within easy reach while you are in your "comfort zone" (adjustable).

### **Stressless® Corner Table**

W: 69, H: 48, D: 60

This practical table is perfect for placing between a pair of Stressless® recliners. Also ideal for any corner setup or home cinema arrangement.

### **Stressless® Easy Armrest table**

W: 25, H: 10, D: 23

The Stressless® Easy Armrest Table fits sofa models with an arm width of 13-20 cm/5.11- 7.87 inches. Simply place it on the armrest for convenience when sitting and relaxing. You can easily take it off or move it when not in use.

### **Stressless® Computer table**

W: 41, D: 31

This table provides a good working position and remains independent of your movements. Simply swing it to the side and fold it down when not in use. Can only be fitted to Classic/Classic Power base recliners.

### **Stressless® Swing table**

W: 28

This table remains independent of your movements and can be simply swung aside when not in use. Can only be fitted to Classic/Classic Power base recliners.

### **Stressless® Style tables**

W: 137, H: 47, D: 60

W: 55, H: 52

Sofa table and side table, available in several colour combinations. The slight difference in height means that the tables can be easily combined in different ways, either standing apart or close together. The tabletop is made from MDF with a melamine surface and is available in White, Black and Cream. The wooden legs are available in Black, Whitewash and Brown.

### **Stressless® Windsor table**

W: 132, H: 48, D: 70

Made from beech with a tabletop in glass. Available in the following colours: Oak, Walnut, Teak, Brown, Wenge, Grey, Whitewash and Black.

### **Stressless® Stella ottomans**

W: 90/70, H: 44, D: 57

A sleek footstool perfectly designed to match our Stella sofa. Complement with an optional table. Available in 2 sizes.

### **Stressless® Double ottoman with ottoman table**

W: 119-154, H: 44, D: 61

This large ottoman offers ample space to put your feet up, while the storage space conceals a tabletop that can be placed on the ottoman when needed.

### **Stressless® Modern ottoman**

W: 60, H: 44, D: 60

W: 51, H: 44, D: 40

The ottoman is ingenious in at least two ways. Firstly, it features a built-in tilt system, which ensures that the angle of the ottoman is adjusted to your sitting position. And secondly, it has room for all your extras under its removable top. Available in two sizes.

### **Stressless® Soft ottoman**

W: 64, H: 44, D: 70

W: 53, H: 44, D: 49

The ottoman is ingenious in at least two ways. Firstly, it features a built-in tilt system, which ensures that the angle of the ottoman is adjusted to your sitting position. And secondly, it has room for all your extras under its removable top. Available in two sizes.

Care Kit

# All great choices, naturally

Being one of the world's largest premium furniture manufacturers comes with responsibility. All our leather is manufactured in keeping with current laws and guidelines for animal welfare, health, safety and the environment. Here, we work alongside recognised international institutions to ensure that we are always up-to-date. Our inspectors also take part in the leather selection process from our chosen tanneries. We maintain the highest of standards here, so that you always make a great choice – regardless of texture, softness, colour and how you want the leather to look and feel. Today and tomorrow. For this, we offer many types of leather – from the most exclusive and delicate to the more robust quality.

**BATICK** is a corrected, pigment improved and grain embossed upholstery leather, which has had most of its natural marks removed. Batick may have a two-tone colour effect to liven up the surface. Batick is resistant to fading, although changes in colour will occur over time due to use and exposure to light. A protective layer of lacquer simplifies cleaning. Simple cleaning, excellent utilisation properties and a favourable price make Batick a good choice.

**CORI** is a corrected, pigment improved and grain embossed upholstery leather. Cori has a substantial body and a distinct pebbled grain. Most of its natural marks are removed. Cori has a tip-shine which adds depth and character to the surface. Some colours have two-tone/ tone on tone-effect. A protective layer of lacquer simplifies cleaning. Cori is a wise choice if you want leather with excellent utilisation properties, a robust structure and an exclusive look.

**PALOMA** is a slightly corrected leather with a combination of dyes and pigments that smooths down some of the structure (the grain pattern) of the leather. The grain structure in Paloma may however vary a little at some parts of the furniture and also minor colour nuances may appear in the leather. Natural marks, scars and insect bites are natural and will appear in Paloma. A thin coat of lacquer gives Paloma some protection and simplifies cleaning, but Paloma does not have the same heavy duty quality and protection as Batick and Cori. Due to its soft, natural and comfortable expression, Paloma is a very popular choice.

**NOBLESSE** is the most exclusive leather quality offered by Ekornes. It is a full grain semi-aniline, which means that it is dyed all the way through and has only a thin protective topcoat. This allows the leather to keep the natural softness and lustre that characterises a first-class furniture leather. A natural material like Noblesse retains its original grain and structure. Minor colour nuances and skin blemishes may also occur. Such individual details could lead to slight variations in different parts of the furniture cover. Although the topcoat provides a measure of protection, Noblesse is the most delicate of the leather qualities that Ekornes uses. It absorbs moisture easily, and is more vulnerable to wear and tear, heat, sunlight, spills and perspiration. Regular maintenance is important to keep its attractive appearance.

**PIONEER** is a luxurious full grain aniline pull-up leather. This exclusive and delicate quality retains the full original grain of the leather, and is treated with oils, waxes and transparent dyes. This enhances the soft touch and natural appeal, offering deep, vibrant colours and a beautiful luster. The full-bodied leather sensation and natural transparent look will gain patina and become even more beautiful with age. On an exclusive leather like Pioneer you will find natural characteristics like colour nuances, difference in structure, marks and skin blemishes. The delicate finish gives an exceptional comfort and a striking look, but offers just a light protection. Pioneer absorbs moisture easily and is vulnerable to heat, sunlight, spills and perspiration. Regular care and precautions are important to keep the luxurious and elegant appearance.

# Sustainable fabrics

At Stressless® we are proud caretakers of the beautiful scenery that surrounds the factory in Norway. We wholeheartedly believe the best choice you can make is to furnish your home with high quality furniture that will last a lifetime. In addition to this, we are delighted to offer products that are made with extra focus on the environment and sustainability – both in our choice of materials and in our production.

Our specially selected fabric collection meets the furniture industry's strictest requirements. Stressless® fabrics are produced in accordance with strict environmental conditions and are treated for heavy-duty use, light tolerance and inflammability. Choose from our wide selection of colours to match your interior. Please note that colour changes will occur over time as a result of use and the effects of exposure to light. You should always protect your furniture from direct sunlight. To prolong the life and appearance of your recliner or sofa, the fabric upholstery should be regularly vacuumed, professionally dry-cleaned or cleaned with our approved Stressless® Fabric Care kit.

**BEGONIA** is a velour with a medium length pile. The soft, silky texture provides a fine sheen and an attractive interplay of colours. Begonia is hardwearing, comfortable to sit on and easy to keep clean. 100% polyester.

*Please note we do not advise the use of Begonia fabric on Stressless® Power™ sofas Stressless® Emily or Stressless® Mary*

**CALIDO** is a wool felt fabric with an exclusive appearance, which feels comfortable and soft next-to-the skin. It is available in a varied and exclusive colour palette. 80% wool, 20% polyamide.

**CLOVER** is a classic wool fabric with a modern design and a beautiful calm colour palette. The smooth, soft surface is enhanced by the subdued colours with a melange effect, creating a fabric with distinct character. Clover is a fabric made of 70% wool with 30% viscose added for extra strength and softness. It is manufactured at a renowned Norwegian weaving mill with long traditions.

**YOREDALE** is a structured wool fabric with a modern range of colors. The fabric feels soft and cosy and it is perfect for creating a classic, warm and inviting interior. Yoredale is a fabric made of 95% wool, 3% polyester and 2% polyamide.

**SILVA** is a pure and timeless wool fabric that feels comfortable next-to-the skin. It is available in a muted and classic colour palette. Silva: 76% wool, 13% viscose, 6% polyamide, 5% linen.
